- SQL
- Python
- Power BI
- Data Analysis
- Dashboard Development
- KPI Tracking
- Microsoft Excel
- Stakeholder Management
- Data Cleaning
- Project Coordination
- Data Reporting
- Revenue Metrics
- CRM Understanding
- Cross-functional Collaboration

PROFESSIONAL EXPERIENCE

Hankali Intel – *Data Analyst*

May 2022 – December 2022

Analysed complex datasets to support data-driven decision-making and operational improvements. Delivered advanced data visualisation solutions and actionable insights to enhance team performance and streamline processes.

Key achievements:

- Analysed large datasets using SQL and Python to uncover operational inefficiencies and drive data-led improvements.
- Developed Power BI dashboards and automated financial reports, improving decision-making and saving analyst time.
- Partnered with cross-functional teams to implement changes based on data insights, boosting workflow efficiency by 10%.
- Delivered presentations to senior stakeholders, translating technical findings into actionable business strategies.

Huawei Technologies – *Project Management*

March 2021 – February 2022

Collaborated with cross-functional teams to coordinate strategic initiatives for the Enterprise Business Group. Supported key project deliverables and facilitated industry-academia partnerships to strengthen Huawei's presence in education and enterprise technology.

Key achievements:

- Coordinated over 15 cross-functional projects, ensuring deadlines and deliverables were consistently met.
- Organized industry-academia events to support innovation and engagement across the Enterprise Business Group.
- Conducted risk assessments and supported documentation for large-scale partnership initiatives.
- Communicated project updates with internal and external stakeholders, promoting alignment and transparency.

LAPO Microfinance Bank – *Finance & Customer Service Intern*

April 2019 – July 2019

Completed a structured internship focused on financial compliance, customer service, and audit preparation. Streamlined processes to enhance operational efficiency and accuracy in reporting.

Key achievements:

- Reduced financial reporting preparation time by 15% through process redesign.
- Conducted risk assessments and supported documentation for large-scale partnership initiatives.
- Communicated project updates with internal and external stakeholders, promoting alignment and transparency.
